

Lifebuoy Lights

Daniamant's Lifebuoy Lights meet all the latest IMO SOLAS standards

L40

The only water activated Intrinsically Safe Lifebuoy Light in the World.

Approved to both ATEX and IECEx standards it is the only choice for hazardous installations such as offshore oil rigs, gas and oil tankers.

The L40 is both corrosion and tamper proof, and the batteries cannot be removed or expended accidentally. It also uses the most reliable water activated silver chloride technology. The lamp is sealed within a tough, polycarbonate dome.

"The only water activated Intrinsically Safe Lifebuoy Light in the World"

EU ATEX
Directive
Approval

ATEX Number: ITS02ATEX3047X

IECEx Number: IECEx ITS07.0001X

- Fully MED approved

- A full range to suit all applications
- Minimum 2 cd Light output
- Minimum 2 hour Light duration
- Full approval to MED standards

L90

Formally supplied by Comet GmbH as their Lifebuoy Light 9120500.

This outstanding light is now manufactured by Daniamant as the L90 series. It uses five alkaline batteries, offering a life of one year. Robust and reliable, the L90 is automatically activated after release.

The part numbers have now changed as follows:

Description	Old Part number.	New Part number.
Lifebuoy light including batteries	9120500	63-B300
Lifebuoy Light excluding batteries	9120200	63-B301
Bracket	9120600	63-4003

The L90 is supplied complete with a 2.5m lanyard.

L41B

This unique Light is similar in design to the L40. It has been designed to be smaller and to be highly resistant to accidental damage on board ship and to deflect rope and other impacts. The L41B comes complete with a sealed battery and therefore only needs replacing every 5 years.

L120

The remarkably cost-effective, tamper, impact and corrosion resistant design of the L120 incorporates a sealed, five year life, lithium battery. Activation is by a reed switch and the Light also has an in built "Press to Test" facility.

Further technical information, approvals and documents can be found at our web site at www.daniamant.com

Other Daniamant products include Lifejacket Lights, Liferaft Lights and a unique range of special solutions to solve your specific requirements. Please do not hesitate to contact us for further information.
